In a minute, in a lifetime,

In a hurry, in the meantime.

On a lunch break, on a fast train,

On vacation, on an airplane.

On a trapeze in the spotlight,

On the highwire, shoes are too tight.

In a wedding, indirectly,

In the backseat, incident'ly.

Wherever you'll ever find me,

Up or down, well, up is better.

Just remember, this is a movie,

Nothing is real, on that's how I feel, so...

On a schedule, on my tiptoes,

On the lookout, that's all he knows.

On the table, in the kitchen,

On the wagon, intermission.
